| YEAR R RE-OPENING | |
| Assessment date | Insert date when assessment is being carried out |
| 14/5/2020 – to be updated regularly until re-opening | |
| Assessment serial number | Insert local serial/identification number for future reference |
| | |

Government guidance states for schools states:

“The safety of children and staff is our utmost priority.”

“The advice seeks to support staff working in schools, colleges and childcare settings, to deliver this approach in the safest way possible, focussing on measures they can put in place to help limit the risk of the virus spreading within education and childcare settings.”

“In education, childcare and social care settings, preventing the spread of the coronavirus involves dealing with direct transmissions (for instance, when in close contact with those sneezing and coughing) and indirect transmission (via touching contaminated surfaces.) A range of approaches and actions should be employed to do this.”

Government guidance for parents concerning re-opening of schools states:

“We have provided guidance and support to schools, colleges and child care settings on implementing protective measures in education and childcare settings to help them **reduce the risk of transmission as more children and young people return.**”

“Whilst such changes are likely to look different in each setting, as they will depend upon individual circumstances, they are all designed to minimise risks to children, staff and their families.

Schools and colleges continue to be best placed to make decisions about how to support and educate their pupils during this period. This will include:
Consideration of the pupils’ mental health and well being

Early years and primary age children cannot be expected to remain 2 metres apart from each other and staff. In deciding to bring more children back to early years settings and schools, we taking this into account. Schools should therefore work through the hierarchy of measures set above:

- Avoiding contact with anyone with symptoms
- Frequent hand cleaning and good respiratory hygiene practices
- Regular cleaning of settings
- Minimising contact and mixing

....the risk will be lowered.

Where settings can keep children and young people in those small groups 2 metres away from each other, they should do so. While in general groups should be kept apart, brief transitory contact, such as passing in a corridor is low risk.

|---|---------------|---|-------------------|
| Identify hazard | | Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards | |
| Lack of social distancing in the classroom resulting in direct transmission of the virus | | | |
| Existing level of risk | | Consider current level of risk | |
| HIGH | MEDIUM | LOW | NEGLIGIBLE |
| Control measures | | List your control measures required to reduce risk – add appropriate detail about the type and location of controls | |
| <p>WE HAVE TO ACCEPT THAT CHILDREN OF THIS AGE WILL NOT ADHERE TO SOCIAL DISTANCING BETWEEN THEMSELVES OR ADULTS</p> <p>These control measures are to encourage space between children where possible.</p> <ol style="list-style-type: none"> 1. Reduce the number of children in the classroom to enable social distancing (no more than 15) school estimate no more than 5 children in the first instance from current numbers 2. Remove excess furniture and resources to increase space if space to do so– to library / nurture room 3. Social distancing charter created for and with the children – including how many children playing with resources and how (either end of water tray) (Include instructions how to line up, physical contact use of toilet, moving around the classroom etc) 4. Charter re-visited and modelled many times a day and linked to school behaviour system – lots of praise for adherence and sanctions for non-compliance 5. Resources and activities planned to reduce shared contact and individual learning 6. Use of outdoor space – same charter for outdoors 7. Staff allowed to stay at adult height – no requirement for getting to child level for interactions 8. Interactions carried out where possible from a distance 9. Children to use same table/chair if returning next day 10. Teacher and TA are assigned to these children and stay with these children throughout the day (and on sub-sequent days) 11. Children stay in the classroom for majority of the day and not mix with other groups 12. Bags and coats on pegs – children put coats/bags/dinner bags/belongings in personal box 13. Doors locked from EYFS Unit- anti bacterial wipes next to door to wipe down handles when opened/closed by adults 14. No unnecessary entry into the Early Years Unit by staff or pupils (Sign to be posted on the door). Telephone to be used for communication or messages. | | | |
